Dated: 23/04/2026

Introduction of Skill Subject Kaushal Vikas (444) Main Subject: CT (Computational Thinking) and AI

Dear Parent
Greetings!

We are pleased to inform you that as per **CBSE Curriculum Guidelines (Circular No. Skill-81/2025)**, our school is introducing the following **new mandatory subjects** for **Class IX** from the upcoming academic session:

This initiative aims to make learning more **practical, engaging, and skill-oriented, helping you develop important life skills along with academic knowledge.**

1. **Kaushal Vikas (Code 444)** – A skill-based subject aimed at developing practical knowledge, work values, and hands-on learning across areas such as work with life forms, machines & materials, and human services.

Assessment will be based on: -

- Class activities – Oral Presentation , Self and Peer Assessment
 - Projects
 - (No written examination)
2. **CT (Computational Thinking) and AI** – A subject designed to build logical thinking, problem-solving skills, and a foundational understanding of Artificial Intelligence.

We request your cooperation in encouraging your ward to actively participate in these important learning areas.

Regards,

Principal
